Data can be published in either IP units, SI units or both per the manufacturer's preference within the certified data range of the product. If the product is not certified at a listed design condition or if the flow data point is not applicable to the unit, enter "NC" (for Not Certified) into the cell.

CTI STD-201 Table 3a - IP Units - Cooling Towers (CT)

| Model No. | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 | 12 | 13 | 14 | 15 | 16 | 17 | 18 | 19 | 20 |
